

Dear Representative/Senator,

We are writing to you in regards to the Cap & Trade Legislation that, for now, has been put on the back burner in Congress. We would like you to be advised that we are aware of the "Climategate" emails that were released to the public. These leaked emails came from The University of East Anglia's Climate Research Unit.

The leaked emails exchanged by some of the most prominent scientists pushing AGW theory – suggest: Conspiracy, collusion in exaggerating warming data, possibly illegal destruction of embarrassing information, organized resistance to disclosure, manipulation of data, private admissions of flaws in their public claims and much more. These e-mails also show, among many other things, private admissions of doubt or scientific weakness in the global warming theory. In acknowledging that global temperatures have actually declined for the past decade, one scientist asks, "where the heck is global warming??..."

We realize that this Legislation will have very devastating consequences to the people of the United States and to the country as a whole.

- 1) It will raise energy costs dramatically on an already hurting population and on businesses.
- 2) It has been proven to NOT work in Countries where it has been implemented.
- 3) Many more Americans WILL lose jobs due to Industries streamlining their workforces to cut costs imposed by this Legislation.
- 4) It is a hidden TAX on citizens and businesses. The poor will be hit extremely hard.
- 5) It will put the USA at a Competitive disadvantage with other countries such as China.

With our already Unsustainable National Deficit this bill will Bankrupt America. The country will NEVER recover.

Let it be known that any Representative/Senator that votes in favor of this bill will no longer hold a seat in the House or Senate. Those seats belong to the People of this Country. We intend to fill those seats with Representatives that truly listen to the People and want to serve the ones who send them to Washington D.C.

STOP destroying our Country!!!! Do the right thing and do NOT pass this Bill.

Regretting we elected you,
