

# Can you HEAR Us NOW?

## The Choice is yours!

We have some questions for those of you that are supposed to be our voice in Washington!

1. Will you side with the People of this Country and put a stop once and for all to the Socialist Destruction of this once Great Nation?
2. Will you abide by your oath to Defend the Constitution?
3. Can you stand by and watch and or help this President crush the People he is supposed to protect?
4. Can you look your children and grandchildren in the eyes and tell them you are leaving them a better Country where they are free to pursue their dreams? Or is it a Country ruled by a Dictator?
5. Can you look your elder family members in the eyes and feel good about it when they are denied care and told its time to unblock that bed in the hospital so someone younger may have it?
6. Do you feel good about helping this Administration put the American people through Holy Hell for the past year?
7. Does your cushy job that we pay for and your perks mean that much to you, that you can let this Country fall into Socialism without blinking an eye?
8. Do you care that with all the land grabs by the Government, the shutting off of water in California and now Florida and the destructions of farming in this Country, people will not have enough food to eat?
9. Do you care that your jobs in Congress will soon not be needed. What do you think all of the Czars are for?
10. Do you care that we want MOST of you out of your offices for not stopping this?

Finally, We would like to know HOW you all sleep at night? None of us live forever. We ALL will meet our Maker one day. What will you say when you do? If we can hang on until November, unless you choose the side of the People, most of you will be out of your jobs. **We have had ENOUGH!**
