

TO: Ladies and Gentlemen of the Congress and the Senate Of the United States of America

The People of the United States of America are tired of you saying that you are enacting a HealthCare Plan FOR us. Your statements are NOT TRUE! We The People DO NOT WANT you enacting a HealthCare Plan for us. We The People want YOU to FOLLOW the Declaration of Independence AND the Constitution of the United States of America. These documents give you NO POWER to enact a HealthCare Plan for US. Therefore, you would be in violation of the U. S. Constitution IF you enact any such plan! We The People WANT you to STAY OUT of our personal business and lives.

We have called you. We have faxed you. We have sent emails to you. We have sent you letters. We have held many, many Tea Parties in protest to your actions. We have marched on Washington, DC on September 12, 2009. YOU have IGNORED US!! For this, you will pay! We WILL vote you OUT!!

November, 2010 will be here before you know it. We The People are very well aware of this fact! We are aware that you are not being truthful with us. We are aware that you do not really CARE what WE think. And these FACTS just happen to run BOTH ways. Therefore, WE DO NOT CARE what YOU think. WE will SEEK the TRUTH and REPLACE you with those that DO care about our Constitution, those that DO care about us and those that DO care about what WE think.

WE respectfully suggest that you WITHDRAW the Healthcare Plans in BOTH houses now and WORK on our ECONOMY, by lowering the high unemployment rate and reducing the ridiculous DEFICIT our Country faces. WE are telling you that your JOB depends on this effort alone.
